

We love caring for people.

May 23, 2023

Dear Residents, Families, and Friends;

Effective immediately, Cabrini of Westchester has made the decision to eliminate mask requirements for staff, visitors, and residents. After more than two years, residents will be able to see more of their caregivers' smiling faces, and our dedicated staff will get a moment to breathe.

We should all keep in mind that some people may choose to wear a mask at any time based on personal preference. And there are some situations where people should always wear a mask. For example, if they have symptoms, if they test positive for COVID-19, or if they have been exposed to someone with COVID-19. Mask-wearing will be required if recommended by a public health authority.

We will continue to assess our safety measures and keep you informed of any future changes. Thank you for your continued diligence in helping us keep everyone safe and healthy.

Sincerely

Bonnie Burke
Vice President of Operations/Nursing Home Administrator
